

Q

quintessentially...

Water is essential for life...

It is a human right...

*quintessential
design for life*

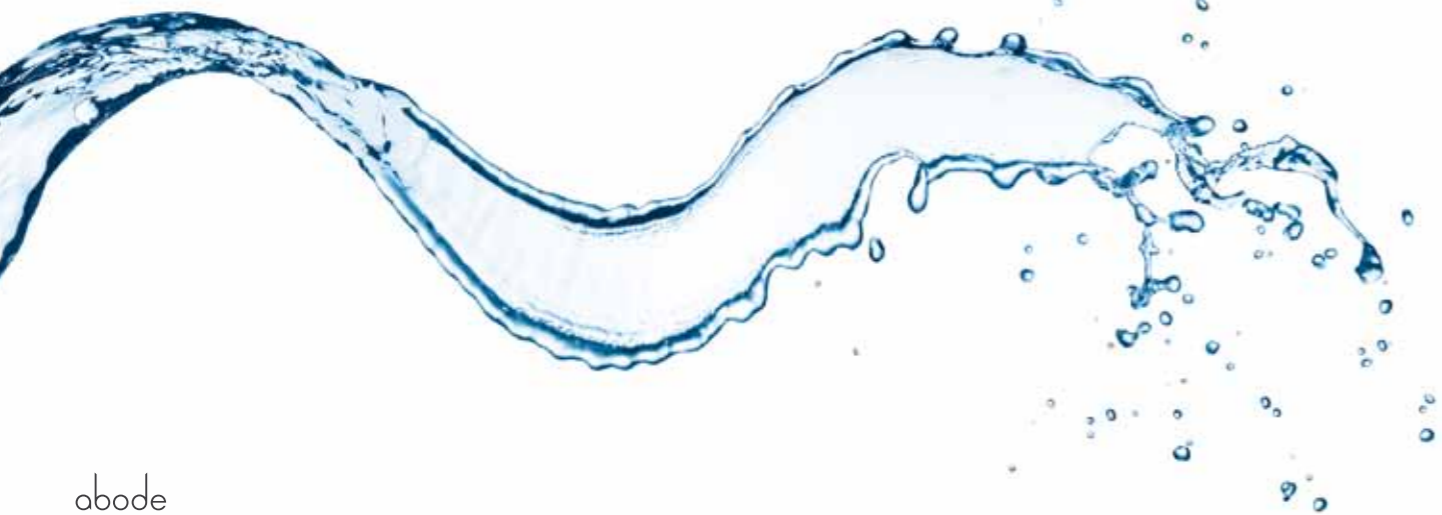

The heritage ranges of kitchen brassware
by abode are inspired by, but not
living in the past.

The inspiration for the collection comes
from the classic era of British design and
manufacturing; refined & distinctive styles
that will bring life long brilliance to
your home.

Q

Treat water with respect...

Astbury

The Astbury collection reflects a golden era in brassware design, with its curvaceous shapes and fluid lines forged in the past, but with the technology utilised in its manufacture very much of today.

Bayenne

It is the sophisticated & distinctive flavours of classic Edwardian design that epitomise the Bayenne family of kitchen brassware.

Today the outline is the same but under the skin it has evolved with the integration of the latest technology in valve design, delivering smooth and effortless operation, time after time.

Langley

The Langley Bridge Mixertap design has a long and distinguished heritage.

The elegant styling originates from the golden era of the Victorian foundries and still today casts its own mark over our kitchens with its continued timeless popularity.

Warranty

5-Year Warranty

In the unlikely event that you should experience any defect in the materials or workmanship of your new Abode mixer within 5 years of purchase, the purchaser's sole remedy shall be the replacement (at the manufacturer's discretion) of all or any part of the product that is defective.

All working parts and valves are guaranteed for a period of 5 years from purchase. Decorative surface finishes and O-rings are guaranteed for 5 years from the date of purchase provided that our advice concerning care has been observed and no scouring agents have been used.

This is provided that the mixer or tap has been used for normal domestic purposes and that the care, installation and maintenance instructions have been observed. The warranty extends to the original purchaser only.

Customer Care

Water Regulations

All products are designed in accordance with European Water Regulations and are manufactured to WRAS or other applicable European standards. All products should be installed in accordance with WRAS regulations and Local Water Bye Laws. All products are manufactured using low lead brass.

The Small Print

Our policy is to continually improve and develop our products, and accordingly we reserve the right to amend specifications, particulars of weights, measures, dimensions, finish and colour availability without prior notice.

Errors and omissions excepted.

Technical Support

Choosing the right mixer tap for your home is an important choice as the tap is not only the most architectural item in your kitchen, but also the most used. Think about the style you require, the ease of use you are looking for, and then consider your existing water supply and the water pressure available to you. If you have any questions with regards to whether a tap will be suitable for your application, please contact our technical support team or visit our website www.abode.eu for more details.

Your long-term satisfaction with the product is important to us. In the event that you require spare parts for your tap, please contact our technical support team or visit our web site for further technical information.

Abode would like to thank:

PWS for the use of their beautiful kitchens in the production of this brochure
