PRODUCT INSTRUCTIONS

Product Code : **2348Q** Product Description : **NON-ASBESTOS GLASS FABRIC MAT**

Provides protection to fixtures and fittings when soldering. Made from non-asbestos glass fabric. 300mm x 250mm (12"x10").

INSTRUCTIONS

- The asbestos free (heavy duty) professional quality mat is manufactured from glass fabric.
- The asbestos free (heavy duty) professional quality mat provides protection in most soldering and brazing work.
- If the pad should start to glow at the point the flame is striking the fabric, then the pad should be moved slightly to enable unheated sections of the pad to come into contact with the flame.
- The use of two pads is recommended, where the heat source is expected to be intense.
- The asbestos free professional quality mat does not present the health hazards associated with asbestos.
