**ROEBIC**

K-87 Soap Digester

ISO-14021

*SCS-BIO-01075

ROEBIC K-87 Soap Digester is formulated for use in all homes to eliminate troublesome soap build-up in pipes, shower and laundry drains, septic systems and "greywater" drywells.

K-87 contains specialized, patented bacteria that enzymatically breakdown soaps and detergents that would otherwise accumulate causing clogging and backups.

When used regularly, **K-87** eliminates and prevents soap build-up without affecting the beneficial bacteria in septic systems that are essential in keeping the system running smoothly.

DIRECTIONS

Shake well and pour contents down kitchen sink, laundry standpipe, tub or any soap clogged drain. Discard container. Use four times a year, or as needed. **DO NOT APPLY THROUGH WASHING MACHINE.**

Non-Flammable

CAUTION: Harmful if taken internally.
Keep out of reach of children
