ROEBIC®

K-97 MAIN LINE CLEANER

ROEBIC K-97 Main Line Cleaner contains millions of specialized waste degrading bacteria that effectively reduce sewage build-up in main waste lines. Main Line Cleaner digests sewage solids, fats, grease, and paper in sewer lines, or septic systems.

DIRECTIONS

Shake well before use. Pour into toilet, flush once, allow to work 6-8 hours before flushing again.

Main Waste Line: Pour 8 ounces (1 cup) down toilet and flush. Repeat each day for four consecutive days. (16 applications per bottle) Use two times a year, or as needed.

For Low-flow Toilets: Pour 8 ounces (1 cup) down toilet and flush each day for four consecutive days. (16 applications per bottle) Apply twice a year, or as needed.

Septic Tank Use: Flush 4 ounces (1/2 cup) down toilet nearest septic tank weekly. (32 applications per bottle)

Non-Flammable

**CAUTION: Harmful if taken internally.
Keep out of reach of children**
