ROEBIC

LIQUID DRAIN & TRAP CLEANER

Roebic Liquid Drain & Trap Cleaner is the natural way to clear plumbing of grease, hair and soap scum build-up that causes sluggish drains. The safe easy-to-use concentrated formula contains millions of natural bacteria and enzymes that attack and remove build-up. Regular use keeps drains running free and smelling fresh. Safe for septic systems and all types of plumbing.

DIRECTIONS: SHAKE WELL BEFORE USING

Initial Treatment: Pour 2 oz. down drain each day for 3 days. Use 4 oz. for more frequently used drains. For best results, avoid using drains for 6-8 hours after application.

Maintenance: To keep drains running free, pour 1 to 2 oz. down drain monthly or as needed.

Garbage Disposal: Pour 2 to 4 oz. down disposal. Turn on disposal for 5 seconds. Repeat once a week.

For completely clogged drains and to restore water flow, use Roebic Professional Strength or Original Strength /Heavy Duty Drain Openers.

CAUTION: Keep out of reach of children. Do not take internally. If swallowed, drink glass of water and call physician. Avoid contact with eyes and prolonged contact with skin.
