# MAIN LINE CLEANER

LIMPIADOR DE TUBERIAS PRINCIPALES

For Sewer and Septic  
Para drenajes y fosas sépticas

- Naturally breaks down waste
- Digests paper, fats and grease in main sewage lines
- Ideal for "low-flow" toilets
- Safe for pipes and the environment
- Descompone naturalmente los desechos
- Disuelve el papel y la grasa de las tuberías principales del desagüe
- Ideal para inodoros de "bajo consumo"
- Es seguro para las tuberías y para el medio ambiente

Net 64 fl. oz. (1/2 gal.) / 1.89 mL    Peso neto: 64 fl. oz (1/2 galón) / 1.89 mL

ROEBIC®

K-97

# MAIN LINE CLEANER

ROEBIC K-97 Main Line Cleaner contains millions of specialized waste degrading bacteria that effectively reduce sewage build-up in main waste lines. Main Line Cleaner digests sewage solids, fats, grease, and paper in sewer lines, or septic systems.

## DIRECTIONS

Shake well before use. Pour into toilet, flush once, allow to work 6-8 hours before flushing again.

**Main Waste Line:** Pour 8 ounces (1 cup) down toilet and flush. Repeat each day for four consecutive days. (8 applications per bottle) Use two times a year, or as needed.

**For Low-flow Toilets:** Pour 8 ounces (1 cup) down toilet and flush each day for four consecutive days. (8 applications per bottle) Apply twice a year, or as needed.

**Septic Tank Use:** Flush 4 ounces (1/2 cup) down toilet nearest septic tank weekly. (16 applications per bottle)

**Non-Flammable**

**CAUTION: Harmful if taken internally.**

**Keep out of reach of children**
