## ROEBIC® GARBAGE DISPOSAL CLEANER

**ROEBIC Garbage Disposal Cleaner** is a combination of live bacteria, biodegradable surfactant and odor neutralizing fragrance that easily cleans and deodorizes garbage disposals.

The bacteria break down fats, grease and food residuals while the surfactant cleans and degreases surfaces and plumbing. The fragrance neutralizes offensive odors and leaves a pleasant, clean fresh scent.

Regular use (weekly) will keep disposal running clean and odor free.

### **DIRECTIONS: SHAKE WELL BEFORE USING**

Pour 4 ounces down disposal. Turn on disposal for 5 seconds. Repeat once a week.

**CAUTION:** Keep out of reach of children. Do not take internally. If swallowed, drink glass of water and call physician. Avoid contact with eyes and prolonged contact with skin.
